INVITATION

The Charity Luncheon

From the Hamdi Foundation

A word from the foundation

This November, join us once again for a day woven from music, generosity, and quiet elegance. The Charity Luncheon is held in support of the Hamdi Foundation's fight against breast cancer.

Last year showed us what is possible when a room full of people decides, together, to care: research funded, patients supported through reconstruction, and lives touched.

Whether you were with us before or are joining for the first time, we would love for you to be part of it. Reserve your seat, bring someone dear, and share in a celebration as meaningful as it is memorable.

***We can't wait to welcome you on November 22nd.
With warmth, The Hamdi Foundation.***
